

The Global Accountancy Profession's Call to Action for G20 Countries

Ten Recommendations Ahead of the 2018 G20 Summit

Smart regulation, heightened transparency and inclusive growth are needed for global economic progress. These three priorities encapsulate the themes in the IFAC Call to Action ahead of the 2018 G20 Summit.

G20 countries play a crucial role in fostering institutions and governance models that can anticipate, respond to, and mitigate future crises.

With low levels of public trust threatening confidence in the institutions that support the global economy, IFAC's ten recommendations focus on rebuilding this trust.
